

Do you sometimes struggle with what you want to say?

Are you worried about your accent?

The English Speaking and Pronunciation course may be what you need!

Wits Language School now offers a course that targets English speaking and pronunciation. We use interactive activities to give you the most opportunity to practise, as well as provide some individual attention for the areas you need to improve the most. We will help you speak more confidently in English-speaking contexts such as in tertiary studies, on official tests and in the workplace.

Highlights of the course include:

- Stress, intonation, rhythm, speech sounds
- Speaking at length on a variety of topics
- Avoiding awkward pausing
- Improving listening skills
